Topic: Study tour organised by PG Department of Botany

Detail Description about the event:

An Educational Trip (study tour) was organized by the PG Department of Botany to three of the highly recognised Research Institutes/ Centres located in the capital city of Bhubaneswar on 07.02.2025. A group of 29 UG and PG students accompanied and escorted by the HOD and two Teaching Faculty members and one nonteaching staff member visited and explored the Regional Plant Research Center (RPRC), Central Horticultural Experiment Station (CHES) and Central Tuber Crops Research Center (CTCRI). The students were hugely benefitted from the trip and enriched their knowledge by learning about plant diversity, horticultural techniques, plant tissue culture techniques etc. The Scientists, research scholars and associates of RPRC, CHES, CTCRI guided the students in all possible ways to enhance and enrich their knowledge and make the visit remarkable and memorable.
